

NonProfit **PRO** PEER to PEER ADVANCED

November 4-5, 2019 | Philadelphia, PA

Welcome

TO THE NEW AGE OF
PEER-TO-PEER FUNDRAISING

At the NonProfit PRO P2P Advanced Conference, we will take a fresh look at this increasingly popular form of fundraising and dig deep into best practices in the most challenging areas of P2P.

Join national P2P leaders as we explore best practices, toss some long-held theories in the trash, learn from experts and each other, and form alliances that will help you for years.

You will be immersed in dynamic, interactive discussions with like-minded nonprofit leaders. Your experience at Peer-to-Peer Advanced allows for educational, strategic, and social interaction that cannot be matched at any other industry gathering.
